SKILLS

- Java
- Core Java
- HTML
- CSS
- Spring Boot
- Spring Data JPA
- Javascript
- MySQL
- OOP
- Spring
- GitHub
- Rest API
- IntelliJ Idea (IDE)
- VsCode (IDE)
- Problem solving
- Time Management

EDUCATION

B.E – Electrical and Electronics Engineering

2019 – 2023

University College of Engineering

Kanchipuram

CGPA – 7.73

PROFILE

Recent graduate with expertise in Java programming and Full-Stack development, adept with Spring Boot, Hibernate, and RESTful Web Services. Proficient in front-end technologies including HTML, CSS and JavaScript. Committed to applying theoretical knowledge to practical projects, aiming to excel in a collaborative team setting.

PROJECTS

Project - 1

Employee Management System

(Java, Spring Boot, MySQL, Spring Data JPA)

- Streamlined employee management operations through efficient CRUD functionality.
- Ensured completeness of employee records by validating mandatory fields.
- Enhanced user experience with clear error handling, providing concise and informative messages for better usability.
- Streamlined salary adjustments based on experience, fostering fair compensation practices.

Project - 2

Quiz Application

(Java, Spring Boot, MySQL, Spring Data JPA)

- Developed Quiz Application with Spring Boot, enabling easy quiz creation and management.
- Enhanced application functionality by implementing CRUD operations for questions and quizzes.
- Improved user experience by creating APIs for smooth interaction with the app.
- Utilized Spring Data JPA for efficient database interaction, facilitating seamless data retrieval and storage.
